## FROM SAN ANGE- LO TO TERRELL

### Abundant Rains Break Long Drouth. Great Rejoicing, Especially in the West.

Special to the Eagle.

Fort Worth, Texas, April 21.—Following the excellent rain yesterday over North Texas, another downpour visited the same territory early this morning, effectively breaking the long drouth. The rain extended as far east as Terrell. It assures splendid big crops for all North Texas, this spring. The ground is thoroughly soaked, for the first time in six months.

FIVE RESIDENCES BLOWN DOWN.

Denton, Texas, April 21.—During the heavy rain and wind storm here at midnight, five residences at Frisco were blown down and destroyed. Many smaller buildings were also demolished. Dick Crowder was severely bruised and cut, which was the only serious casualty.

San Angelo Rejoicing.

San Angelo, April 21.—Stockmen and farmers are rejoicing over splendid rains which visited this entire section late yesterday, greatly relieving the cattle situation. The rain prevailed over Tom Green, Schleicher, Concho, Runnels, Sutton and Coke counties.

Frisco, Texas, April 21.—Lark Duncan, whose home was destroyed in the storm last night, received injuries.

Fort Worth, April 21.—Hillsboro, McKinney, Denison, Waco, Dallas and Stamford, also report heavy rains throughout their localities early this morning.

## CATTLE DYING ON TRAINS

### In Poor Condition Due to Drouth and Die Easily. Roads Cannot Refuse to Re- ceive Them.

Special to the Eagle.

Fort Worth, Texas, April 21.—Railroads here announce today that cattle are dying in immense numbers on the trains and huge claims are being filed against the roads by the shippers. These cattle are being shipped from parts in the West and South-

west where cattle are in bad condition, due to the drouth and they die easily. The Rock Island people say that eighty head died in one bunch on one of their trains.

The railroads cannot refuse to accept the cattle, according to the national law.

DAUGHTERS OF THE REPUBLIC AT  
SAN ANTONIO.

San Antonio, Texas, April 21.—The Daughters of the Republic of Texas, who are holding their convention here, took a recess today and are attending the patriotic exercises and the battle of flowers. Governor Campbell and the members of the legislature are here. The Daughters will resume their session tonight and will conclude the work of the convention Thursday.

WIDOWS OF LYNCHED MEN COME  
TO RECEIVE BODIES.

Oklahoma City, April 21.—Mrs. Jesse West and Mrs. Joe Allen of Canadian, Texas, passed through here today en route to Shawnee to receive the bodies of their husbands, who were lynched by the mob at Ada Monday. Both bodies will be buried at Shawnee, their former home. Both women are grief stricken over the affair. The bereaved women are accompanied by fifteen children, comprising both families.

Chastain, John Carson and C. B. Campbell. Bryan by A. M. Waldrop, O. E. Saunders, M. L. Massingill, Fred Cavitt, W. J. Moyes and Sam Hunter.

TYLER COURTHOUSE TO BE IN-  
VESTIGATED.

Tyler, Texas, April 21.—A sensation was sprung here today when Cone Johnson filed a petition with County Attorney Bullock alleging that the material used in the construction of the new courthouse, erected at a cost of \$160,000, is not in accordance with the terms of the contract and demanding an investigation. The petition is signed by many citizens of Smith county. It is alleged that the workmanship on the building is of inferior quality. The brick work was done by negroes and the citizens are indignant over the fact.

FOUL PLAY SUSPECTED.

Dallas, Texas, April 21.—W. E. Hunbolt of Waco, en route to Muskogee via the Katy, was taken violently ill last night. He was given medical attention at Poyse and was put on the train here by two strangers. Later Hunbolt discovered that a check for \$200 was missing. The authorities believe he was given knockout drops and robbed. They are investigating the matter.

GOVERNOR'S CURT REFUSAL.

San Antonio, Texas, April 21.—The rather curt announcement of Gov. Campbell that he will not be able to attend the battle of flowers tomorrow and deliver an address, after he had accepted the same, is creating considerable gossip here. It is rumored that his refusal to come grew out of the fact that in collecting the fund for the entertainment of visiting members of the Legislature that it was specified by a portion of the contributors that none of the money should be spent in entertaining the governor. It is understood that this attitude was conveyed to the governor, and that his refusal to be a guest of the city followed.

## LEGISLATORS IN SAN ANTONIO TODAY

### Appropriations and Bank Guaranty Bills Will Consume Remaining Three Weeks. A Compromise on Meacham-Greer Bill Probable.

Special to the Eagle.

Austin, Texas, April 21.—Neither the house nor the Senate was in session today, nearly all the legislators having gone to San Antonio to attend the battle of flowers.

The house expects to take up the appropriation bill tomorrow, when the members will receive printed copies of the bill. The senate bill has not yet gone to the printers, hence action on the measure in the senate will be deferred to next week.

Three weeks more of the special session remain, and nearly all that time will be taken up with the bank guaranty and appropriation bills. It is practically ascertained that the Cureton bank deposits bill cannot pass the senate nor the Senter-Hume bank guaranty bill cannot pass the house. Discussion among the members foreshadows a compromise on the Meacham-Greer bill, which appears satisfactory to most of them.

BRAZOS LEVEE PROGRESSING.

Preliminary Steps Being Taken. Petition to be heard at Caldwell May 22nd.

Mr. J. O. Chance phoned the Eagle this morning from his farm in the bottom relative to the proposed levee on the Brazos river to protect the farmers in his section from overflow. He says the preliminary work under the new law passed by the present legislature is progressing nicely and he is perfectly sanguine of ultimate success.

Recently a petition asking for a special election on the question of bonds to raise the necessary funds, was circulated among the property owners in the proposed levee district and 50 signatures were secured, when only 25 were necessary under the law. These signatures were secured on a blank furnished by the Attorney General's department, so that every step taken in the preliminaries shall be done in exact accordance with the law, in order to avoid any future complications or delays.

Mr. Chance on yesterday presented this petition to County Judge R. J.

Alexander of Burleson county, and he designated May 22nd as the date for the final hearing on the petition by the full court. If everything is satisfactory, the court will order the election and fix a day for same.

In this connection Mr. Chance said that Judge Alexander and County Clerk Jos. Wambrash, showed him every courtesy possible and rendered him all the assistance they could. Both expressed the opinion that levee was badly needed for the protection of the farming interests in the district, and both gave assurance of every assistance they could render in the matter.

Mr. Chance and the other planters in the district are deeply appreciative to these officials for their courtesies.
